Deputy Commander for Cadets Course

What is the Cadet Program all about? We are planning on getting as many CAP members that are interested at Camp Ripley during the NCO School. To obtain the best attendance, please inform me what would be the best day, Thursday or Friday. We will have sufficient room for you to stay over. Your cost will be transportation and food cost. You can also come and observe the training at the NCO School.

Cadet Advisory Council

At Wing Conference elections were held for our next year. Directly after National Board the new Executive Committee takes the lead. At that time your unit's primary and alternate representatives must be assigned for the next year. Assignment must be on a CAPF 2A including address, phone numbers and email in the remarks block. CAPF 52-16 sets this policy, and promote completion of this duty will be reflected in the 2000 Commander Emphasis Items. The CAC has much to do in its future, but this is the first step.
